

## **Western Pennsylvania Oral and Maxillofacial Surgery**

Dr Steven M Krakora offers on-site training and certification in a nationally recognized program. He offers Adult and Pediatric CPR through the American Heart Association.

Western Pennsylvania Oral and Maxillofacial Surgery wants to assist your office with your re-certification needs.

### **CPR Course Includes**

**Adult CPR / AED -** provides participants with the knowledge and skills to care for adult victims who are suffering from cardiac and respiratory emergencies, including the use of Automated External Defibrillators (AED) and how to properly respond in an emergency.

**Infant & Child CPR / AED -** provides participants with the knowledge and skills to care for infant and child victims who are suffering from cardiac and respiratory emergencies, injury, including the use of Automated External Defibrillators (AED) and how to properly respond in an emergency.

**Oxygen Administration-** provides individuals the knowledge and skills necessary to provide care to a victim of a breathing emergency using breathing devices, including resuscitation masks, bag-valve-mask (BVM) resuscitators, and supplemental oxygen.

This program is a stand-alone course. It is strongly recommended that course participants have previous CPR or BLS training.

Western Pennsylvania Oral and Maxillofacial Surgery offers' CPR Training classes for our referring offices. If you interested in us providing this service for your office please contact Kathy at 724-223-0579 to set up a convenient time.
